EK400GC – EK600GC

PROFESSIONAL GOOSENECK CONDENSER MICROPHONE

USER'S MANUAL

ENGLISH

General

The EIKON EK400/600GC can be used for all kinds of applications where a high-quality but also discrete microphone design is required.

These gooseneck microphones are ideal for the use with lecterns, sound reinforcement applications, conferencing, high quality talkback and paging systems.

The EK400/600GC can be powered with any phantom power source supplying 10 to 48 volts or dedicated EIKON EK01BMG Tabletop Stand.

Product complies with CE regulations 

Features

- Gooseneck style condenser microphone
- Permanently polarized capsule
- High gain before feedback
- Excellent intelligibility of speech
- Phantom 10 - 48 V powering

Operating Suggestions

In order to avoid overstretching and premature wear and tear never bend the gooseneck more than 90°.

Bending and turning of the gooseneck at the same time cause premature wear and tear or damage of the gooseneck and should be avoided.
